# Advanced Medical Life Support (AMLS) Provider Course

## Course Overview

AMLS is the premier course for healthcare providers seeking advanced training in emergency medical assessment and treatment. Endorsed by the National Association of EMS Physicians (NAEMT), it uses the AMLS Assessment Pathway with realistic, case-based scenarios (4th Edition).

## Eligibility for Enrolment

Healthcare professional (Level 3 Paramedic, Registered Nurse, or Doctor)

## Certification Validity

Participants who successfully complete the course will be issued an AMLS Provider Certificate valid for **4 years**.

## Target Audience

Paramedics, nurses, and physicians seeking to expand their expertise in pre-hospital emergency care.

## Training Outcomes

- Apply the AMLS Assessment Pathway to assess and manage complex medical emergencies.
- Demonstrate enhanced critical thinking and rapid decision-making skills.

## Course Content

- |  |                              |
|--|------------------------------|
| • Assessment Algorithm for the Medical Patient | • Toxicologic Emergencies    |
| • Pharmacology                                 | • Environmental Emergencies  |
| • Cardiovascular Disorders                     | • Abdominal Disorders        |
| • Neurologic Disorders                         | • Women's Health Emergencies |
| • Shock  | • Mental Health Disorders    |
