Chairman's Message

By Datuk Seri Prof Sean Rozario, KStJ, H.E. KGCG, Bailiff, Mayor

As we stand on the precipice of a new era, I am filled with immense pride reflecting on the strides we have made together in 2024. This year has been nothing short of extraordinary—a testament to our collective resilience, innovation, and unwavering commitment to excellence. Our journey has been defined by bold initiatives, transformative partnerships, and an unrelenting pursuit of progress.

We have not merely weathered challenges; we have risen above them, transforming obstacles into opportunities and visions into tangible realities. Each milestone we have reached underscores the indomitable spirit that defines our community—one that is built on integrity, foresight, and a deep-seated passion for shaping the future.

Highlights of 2024

This year has been a symphony of remarkable achievements. We have fortified our foundations, expanded our influence, and set new benchmarks in governance, leadership, and industry excellence. From groundbreaking collaborations to pioneering initiatives that have redefined our strategic landscape, 2024 has been a testament to the audacity of our vision.

Our commitment to excellence has been reflected in our landmark events, forward-thinking policies, and initiatives that have sparked innovation across multiple sectors. We have championed causes that matter, uplifted communities, and reinforced our position as a catalyst for positive change. Every accomplishment this year has been a stepping stone, paving the way for even greater aspirations.

The Years Ahead—Future Plans and Commitments

The road ahead beckons with even greater promise. We are not merely looking at the future; we are designing it. As we step into the next chapter, we do so with renewed vigor, embracing the challenge of crafting a legacy that will transcend generations. Our blueprint for the years ahead is ambitious, built upon the pillars of sustainability, technological advancement, and unyielding dedication to progress.

We will deepen our engagements, forging alliances that will strengthen our global footprint. Innovation will be our currency, and transformation our mandate. We will invest in human capital, nurture leadership, and create ecosystems that foster growth, inclusion, and excellence. The commitments we make today will shape the world of tomorrow, and I have no doubt that with our collective strength, we will continue to set the gold standard in all that we do.

Let us march forward with unwavering confidence, knowing that the best is yet to come. Together, we will not just witness history—we will write it.

Clinical Associate Professor Jonathan Yap
Director, St John Association Singapore

Over the years, St John Singapore has been actively involved in the arena of emergency response, community health and youth leadership. As part of the St John's family, the St John Association plays an important role in providing and managing the various high quality first aid courses to serve the Singapore population.

The year of 2024 has been a significant and memorable one. St John Singapore has been one of the foremost leaders in the field, running more than 500 first aid courses catering to close to 5000 participants. This plays an important role locally in educating students, workplace personnel and the general public. To date, accreditations have also been achieved and kept up-to-date for the various courses exemplifying our commitment to excellence.

Moving forward, with increasing importance of mental and psychological health, we will be planning to launch courses on the topic to equip participants with essential skills on tackling mental health issues. The team is also looking at improving our current first aid courses with the incorporation of technology and e-learning. The upcoming period will be exciting and we look forward to serving everyone wholeheartedly.

St John Brigade

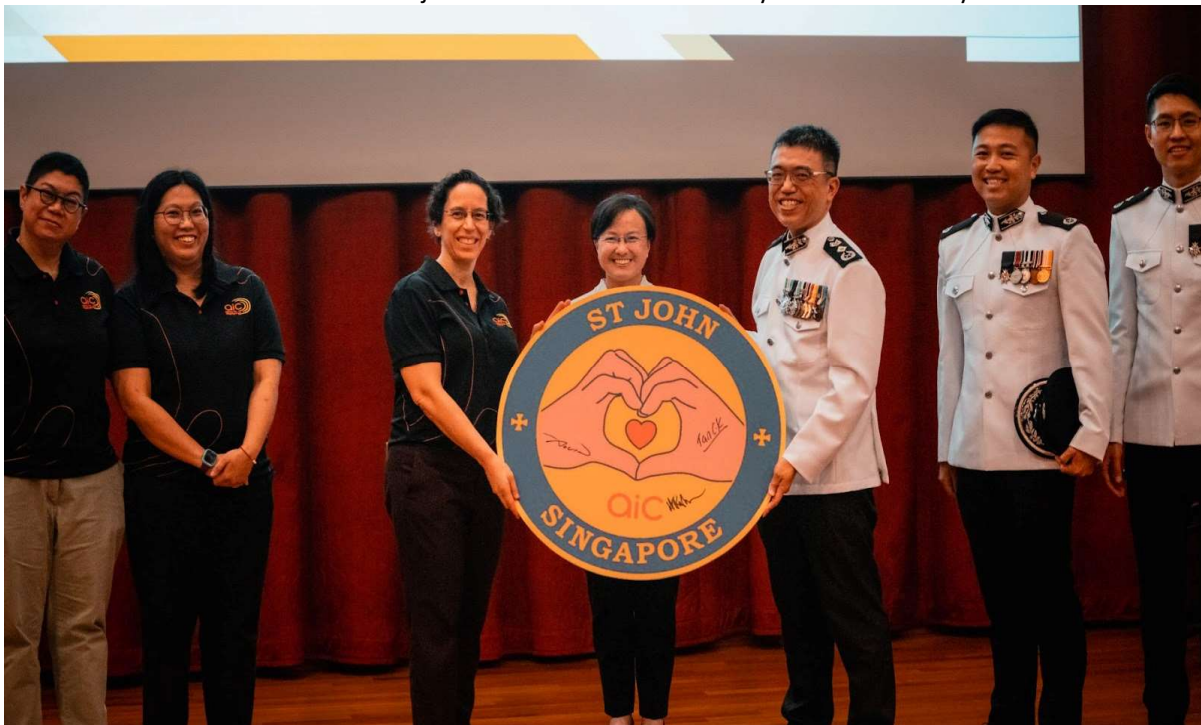

2024 marks a year of collaboration, engagement and service for the Brigade. Our members continue to work tirelessly to bring new and exciting programmes to our cadets and to find new venues to serve Singapore and the community at large. We also continue to develop our cadets through exposures locally and overseas to make St John Brigade a CCA of choice.

Key Events for 2024

Service and Outreach to the Community

The Brigade is continually seeking to develop new partnerships with other like-minded organisations to serve Singapore and the community. With Singapore being a rapidly aging society, St John Brigade Singapore is hoping to do more to allow our youths to interact with the elderly. On 6 July, we launched Project IGNITE which was a collaboration with the Agency for Integrated Care. This allows our cadets and Youth Officers to organise community engagement projects to engage residents of Nursing Homes in Singapore.

Official Launch of Project IGNITE at the St John's Day Award Ceremony 2024

The Brigade is constantly keeping ourselves updated on the evolving needs in the healthcare space. In recent years, there has been greater awareness on issues related to vaping, especially among the young people. As such, we collaborated with MOH to equip our cadets with awareness to act as ambassadors to bring key messages relating to these issues to our peers. This year, four selected cadets had the opportunity to go on radio (95.8FM and Kiss 92) to share their schools' efforts as part of St John's Anti-Vaping Campaign.

Our Cadets featured on National Radio Channels

1. To mark the transformation of the Brigade to the present five Districts, the Commissioning of Colours was officiated by our Patron-in-Chief, President Halimah Yacob in 2022. The Trooping of Colours is a uniform group tradition conducted after new Colours are presented to allow our members to be familiar with the new Colours. The event was held on 6 July 2024 at HQ SAF Medical Corps, graced by Director-General of Health, Prof Kenneth Mak. Our members were commended by Prof Kenneth Mak for their outstanding standards and tenacity displayed during the parade. Prof Kenneth Mak also took time to interact with various segments of the Brigade and thanked the volunteers for their time and sacrifice to serve the community

Developmental Opportunities and Exposure for our Cadets

The Brigade continues to hone our First Aid and Home Nursing skills and standards through the different tiers of competitions at the District and National levels. The top teams are then selected to represent Singapore at the regional first aid and home nursing competitions each year. Our members have done us proud by flying the Singapore flag high beyond our shores. A new generation of cadets continued to participate in the Regional Youth Competition held in Hong Kong where we sent two teams to participate together with members from Hong Kong and Malaysia, and also from as far as Canada, Australia and New Zealand. The Brigade also hosted the Cadet of the Year from England in August, and late November, two Brigade Officers represented the Priory of Singapore for the inaugural Global Leadership Development Programme held in the United Kingdom. These international events help us foster closer relations with other members of the wider St John International community and showcase the value we bring to the wider St John family. We continue to look forward to contributing and showcasing St John Singapore at the international level.

Grooming our Future Healthcare Workers and Brigade Leaders

People are at the heart of our organisation. We hope to groom our people for success both within the Brigade and beyond. In 2024, we continued to explore career opportunities to give our members the edge when pursuing a healthcare career. We are proud that our former cadet, Senior Staff Nurse Lee Yu Xuan from Sengkang Hospital was awarded the Chief Nurse Award. In his interview, he shared that it was his time as a St John cadet that he found great fulfilment in helping others, which led to his decision to choose nursing as a career. Cases like Yu Xuan validated the success of our programme in preparing our cadets to take on related professions, and the close partnership with MOHH through the annual Hospital Attachment Programme.

As part of our continuing leadership renewal and training, we are glad to have 62 former cadets stepping up to be trained as Officers of the Brigade. They went through a rigorous training regime and reflected on the reasons which drive them to serve in a higher role after their cadet journey.

Conclusion

In conclusion, I would like to place on record my appreciation to our partners - MOE and the School Leaders, AIC, MOH, and Mediacorp among others who have helped make our achievements in 2024 possible. A special word of thanks also go out to the dedicated volunteers and teachers who have gone the extra mile to serve in the Brigade and contributed to the growth of our cadets. We look forward to an even better 2025 as we double down on our efforts to serve and engage the community, as well as develop and nurture our cadets.

St John Fellowship: Fostering Bonds, Serving Humanity

Established in April 1996, the St John Fellowship serves as a supportive arm to the St John Singapore, fostering camaraderie among former and current members while aiding in the organisation's endeavours through social events and meeting assistance.

Since our inception, we have been actively engaged in bolstering the efforts of the St John Association and Brigade. This includes annual drives like the Flag Day and Walkathon Collection, as well as independent initiatives such as Public Health Talks, charitable visits, and fundraising endeavours.

Membership is open to all past and present St John members, as well as their families, with a nominal fee of \$50.00 ensuring continued service to humanity beyond official affiliations.

Our objectives encompass providing support for St John Singapore's activities, facilitating alumni connections, and advancing the organisation's work through social events and collaborative projects.

Member activities range from anniversary celebrations to participation in St John's general inspections, supplemented by regular communication through newsletters and circulars.

Community engagement forms a significant part of our mission, with projects including visits to charitable homes and festive events for residents, alongside Public Health Talks aimed at promoting well-being.

We extend our reach through networking activities with other social groups and joint ventures with organisations like the Community Clubs and the YMCA. Moreover, we have played a pivotal role in establishing and managing the St John Heritage Centre, alongside supporting various fundraising projects for the National St John Council, contributing significantly to their causes over the years.

In essence, the St John Fellowship stands as a dedicated arm of the St John Singapore, bridging past and present members in service to the community and the organisation's enduring mission.

St John Singapore Dementia Centre at The Purple Parade: A Vibrant Celebration of Inclusion

The Purple Parade 2024 marked a significant milestone in Singapore's ongoing journey towards inclusivity, with the St John Singapore Dementia Centre playing an inspiring role in this annual celebration. Partnered with the St John Fellowship, the Centre's clients, staff, caregivers, and volunteers came together to participate in this vibrant event, embodying the spirit of community and belonging.

Championing Diversity Since 2013

Launched in 2013, The Purple Parade has evolved into a national movement, championing the importance of inclusivity by uniting people from all walks of life. It offers a platform to showcase the talents and contributions of individuals with disabilities, while fostering dialogue and understanding. For St John Singapore, the event was more than just a parade; it was an uplifting demonstration of pride and unity.

A Moment to Shine

Dressed in purple, the St John contingent radiated enthusiasm as they marched through the street. Clients waved excitedly and moved to the music, their joy infectious. The parade became a vibrant display of community engagement, proving that cognitive challenges are no barrier to participation. Their spirited presence reminded us all of the importance of inclusivity and the value of every individual, regardless of ability.

Breaking Barriers Through Empathy

The St John team's involvement in the Purple Parade was a powerful testament to the impact of empathy and understanding in overcoming barriers. With the support of dedicated staff and volunteers, the group demonstrated that inclusion transcends age and cognitive ability, fostering deeper connections within the community.

A Vision for the Future

As Singapore continues its efforts to build a dementia-friendly, inclusive society, the Purple Parade remains a crucial platform for raising awareness and shifting perceptions. The unwavering dedication of our staff, caregivers, and volunteers – alongside the enthusiastic participation of our clients – underscores the importance of fostering meaningful connections. The 2024 Purple Parade was a shining reminder that everyone, no matter their ability, deserves to have their moment to shine.
